Village To Draw Up Agreement To Supply Water To Wisconsin Property Of Knollwood Subdivision

The village board Tuesday evening instructed Atty. Edward Jacobs to draw up an agreement with the Crown Realty Co., whereby the village will supply water for that area of Knollwood subdivision located in Wisconsin on Cross Lake.

Provision is made that water will be supplied to the extent of the present equipment and the rate to the Wisconsin consumers will be higher than on the Illinois side of the line.

It is probable that the Wisconsin residents of the new subdivision will form some kind of association in buying water from the village through a single meter on the Illinois side.

"I want to make sure," said Art Hawkins, chairman of the water committee, "that we don't commit ourselves to the extent that we have to turn in right away and lay a new main."

Engineer David Miller told the board that its six-inch main which connects with the 8-inch main of the Knollwood subdivision in about five years may become inadequate and that another main will have to be laid then to take care of the increased population.

That part of Knollwood subdivision on the Illinois side of the line has been annexed to Antioch and the village owes it protection.

Additional Main Needed

"By the time this new main is needed, we will have paid off enough of our present bonds to permit us to issue new ones," commented Trustee Cunningham.

The new main probably would be run parallel to Main st. a few blocks east. It would provide a loop that would make for better circulation of the water.

"You will have all the water you'll ever need," commented Engineer Miller, "your only problem will be delivery."

It was said that there are 40 lots in Knollwood subdivision on the Wisconsin side. It is not likely that the subdivision will be entirely built up before the end of five years and the limit of the present main will not be reached before that time.

W.D. Drain Low Places

Miller told the trustees that Max Horwitz, head of the Crown Realty Co. had planned to drain a low place near the entrance of the subdivision in to a low area across North avenue to the south, laying two 24-inch pipes under the street.

This will transfer the water occasioned by heavy rains from the present entrance to a pond to be built in the newly acquired area across the highway and held there until it gradually drains away or is evaporated," said Miller.

Band Concert Tues. Said To Be Finest Presented To Date

Although rain again plagued the Antioch Community Band Tuesday evening at the regularly scheduled concert, almost the entire program was presented in what was said to have been the best concert presented this season.

The Community band was at better strength than ever before and was very ably assisted in the program by several numbers played by the Lake Villa Grade School band directed by Thala Rush. Listeners were very much impressed by the youngsters, who displayed real talent and teamwork in their presentation.

Highlight of the Community band's part in the program was presentation of "Military Symphony in F," which was very well directed by John Paynter, director of the Northwestern University band, who also led the band in a march "Golden Rule."

The vocal quartet, composed of Karen Martin, Lorraine Steinel, Carol Loftus and Jeanne Hughes, was very well received by an enthusiastic audience. The girls sang three numbers.

The next in the series of summer concerts will be presented Aug. 17.

Edmund Lewandowski Dies at Lake Shangri-la Buried in Chicago Sat.

Edmund Lewandowski, 62, of Lake Shangri-la, Woodland subdivision, died at his home there Wednesday, July 28, as the result of a stroke. He was a retired tool and die maker.

Mr. Lewandowski was born Jan. 6, 1892 at Krakow, Poland, and lived at 958 N. Springfield Ave., Chicago before coming to Lake Shangri-la. He is survived by a son, Edward, of Chicago.

The funeral service was held at 1407 W. Chicago Ave., Chicago, Saturday, August 7, and burial was in the Bohemian National cemetery.

Village Board Accepts Scout House as Gift of Schroeder Family

Park Adjoining To Be Called E. B. Williams Park For Grandfather

The village board Tuesday evening voted to accept from Mr. and Mrs. William E. Schroeder of Lake Catherine the building and grounds known as the Scout House on Main street.

The gift was made by the Schroeders with the understanding that a park east of and adjoining the Scout House already given to the village be named the E. B. Williams park after Mrs. Schroeder's grandfather, a pioneer Antioch merchant.

To this the board agreed. The Scout House originally was a gift to the community by the late C. K. Anderson, father of Mrs. Schroeder, and a foundation named for her mother, Mrs. Leila Williams Anderson was organized to control and operate the building.

Financial hardship arose each year, but was alleviated somewhat in the last two years, it is said by rent paid for the Grade School district for classroom space. With the completion of the new addition to the grade school this space no longer will be needed.

The village board would like to organize a park district which would obtain revenue through taxation, but because the population is less than 2,500 as the law stipulates, the district cannot be organized at this time.

A fund for park purposes approaching \$1,000 exists in the village treasury and this can be used until Antioch reaches the necessary population which at the present rate of growth should be in the next two or three years.

Atty. Ed Jacobs has been instructed by the board to draw up papers through which the village will accept the gift of the Schroeders, who first will receive the property from the Anderson Foundation as heirs of the Anderson estate.

The building will continue to be used by community groups.

Record Enrollment for A. T. H. S. Foreseen as Registration Begins

High school boys and girls who are new to the community and who plan to attend the Antioch Township High School in the fall are asked by school officials to report to the high school office either Monday, Aug. 16, or Tuesday, Aug. 17, for registration.

Much loss of time, and delay can be avoided if registration is done before the opening of school. The officials contemplate the largest enrollment in the history of the Antioch high school. Four hundred and fifty students have already registered for classes. The freshman class will exceed 130 pupils. The fall opening of the high school will be on Tuesday, Sept. 7.

Antioch Band Enters Competition for 25th Chicago Music Festival

Antioch Community Band, directed by Louis Chenette, of Antioch, has entered the concert band competition of the 25th annual Chicago Music Festival, sponsored by Chicago Tribune Charities, Inc. It will appear before an audience of approximately 80,000 persons at the Festival Concert in Soldiers' field on Saturday night, Aug. 21.

A major feature of the Silver Anniversary Festival Concert, Director Philip Maxwell has announced, will be the appearance of Liberace, popular television pianist, as guest star.

Another highlight is to be a military tattoo presented by more than 200 bagpipers, a hundred of them from Canadian cities.

Immediately preceding the annual match-lighting ceremony which is among the spectacles at every Festival Concert, light from the largest man-made lamp in the world—a 75,000-watt product of General Electric Co.—is to be another of the features on the program.

The theme of the Silver Anniversary Festival will be a tribute to the more than 100,000 men, women, and children from every state and from Canada, Mexico, and Europe, who have participated in these concerts.

Tickets for reserved seats are \$2 and \$1.50 each, tax included, and can be ordered from the Ticket Manager, Chicago Tribune Charities, Inc., Tribune Tower, Chicago 11, Illinois.

13-Year-Old Chicago Girl Drowned July 29 At Channel Lake Beach

Rosemary Heaney, 13, was drowned last Thursday afternoon at Channel lake.

She was swimming with her brother, Christopher, Jr., 9, near Cole's resort, playing about 30 feet from shore on two logs where the water was about 4 feet deep when she slipped under the water.

Christopher, who like his sister was a capable swimmer, tried to find her but was unsuccessful. The Antioch Rescue squad dragged the lake more than five hours before the body was recovered.

Rosemary, one of eight children of Christopher J. and Grace Heaney, 19412 S. Park st., Chicago, was born December 2, 1940.

The body was taken to a funeral parlor at 7805 S. Halstead st., Chicago, where the funeral service was held Monday. Burial was in Holy Sepulchre cemetery.

The Heaneys had rented a cottage for the week at Channel lake.

Warren Polley Named Director of Athletics at Local High School

Warren Polley, a member of the Antioch high school faculty, has been appointed director of athletics by the board of education.

Polley has completed ten years of teaching commercial subjects, six of which have been in Antioch. He received his high school diploma from Sugar Grove Township High School. Polley attended Illinois State Normal university and graduated with a bachelor of science in education. A master of science in education was conferred by the graduate college at the University of Illinois.

Polley has coached several sports since coming to Antioch in the fall of 1948. At the present time in addition to the academic teaching, he is the chairman of the Business Education department, Audio-visual Aids coordinator and coach of the Junior Varsity basketball squad.

As director of athletics, Polley will be responsible for organizing and managing the interscholastic activities of the high school in co-operation with the principal and coaches. He will help plan the playing schedules and budgets for the various sports. The purchase and preservation of equipment will be under his supervision and control. Polley will plan and coordinate sports publicity and be the official school representative to the Northwest Conference meetings.

Irate Wilmot Farmers Demand Lowering of Waters of Fox River

Owners of farm lands to the north of the Fox River dam at Wilmot, Wis., have organized to gain relief from high water, which has backed up as a result of control at the dam.

Saying that the holding of water in the basin directly north of the dam is resulting in costly damage to crops, they will appeal to the Public Service Commission of the state to ask that the levels be lowered. Purpose of holding the water above the level of the Chain O' Lakes, into which the Fox River flows through Grass Lake.

Andrew Kiser, keeper of the dam, reports that he is maintaining a level which has been ordered by the Public Service Commission, but farmers who are affected by the higher water state that no trouble of this kind was experienced before Kiser took over operation of the dam.

It is claimed that Robert Bernhoff, son of Walter Bernhoff, one of the complaining farmers, had opened the gates of the dam on two occasions. Bernhoff countered by saying that the water was not being held at the proper level.

A committee, headed by Walter Bernhoff, and including Paul Loehaus, Louis Drilling, Ray Loh, and Edward Toelle as members will seek a hearing with the Commission to try to obtain a lower level of the water.

Rescue at Petite Lake

Roger Plechaty, 15, of Petite lake rescued Peter Bureuer and his 9-year-old grandson after their boat capsized on Petite lake about 11:30 a. m. Monday. The two managed to cling to the overturned boat until young Plechaty and other persons in boats got to them and brought them to shore.

Big Buck Sale Drew Crowd Of 1,000 With Coupons Spent Freely

Bicycles Topped Bidding at 7,100 and 4,600 Big Bucks

An estimated 1,000 persons attended the Big Buck auction sale of the Chamber of Commerce Saturday evening at the Antioch High school gymnasium.

As was expected, the bidding with no actual cash involved, was all out of proportion to the actual value of the articles. One bicycle sold for 7,100 and another for 4,600 Big Bucks, while a camera went for 4,000 BB. Bug deflectors for automobiles sold for 800 BB.

Auctioneer Earl Elfers hammered the bidding off in grand style.

"It pays to advertise," commented Leroy Gerke, chairman of the committee in charge of the auction on the publicity of the event.

Members of the Chamber of Commerce were well pleased with the results of the Big Bucks campaign as they met at their regular meeting at Smart's Country House at noon Monday.

Anticipating that the campaign and auction would be repeated next year, the members said they would iron out a few flaws which appeared this year and which had not been anticipated.

"This is the first time we have ever tried such a campaign and did not anticipate the problems that occurred. Next year we may have to make some rules," said Chairman Gerke.

"Everybody had a good time, except perhaps a few who may have been disappointed in not being able to get the article they wanted," said Gerke.

The Chamber of Commerce at Monday's meeting took up the question as to whether the free buses will be operated through the winter or not and this matter was left to a later decision.

Five New Teachers Added To Staff Of Antioch Grade Sch'l

The Antioch Grade school staff for the school year 1954-55 is complete. Four teachers new to the system, and one former teacher, have been added this year to complete the teaching staff.

Those new to the system are Miss Barbara Barthel, B. E., Lake Forest, 2nd Grade; Miss Marianne Olson, B. A., University of Arizona, 6th Grade; Mrs. Edna Becker, B. A., Purdue University, 7th grade; and Mr. Harrison Brown, M. A., B. Ed., Eastern Illinois State College, 7th Grade.

Mrs. Eleanor Kufalk, a former Antioch teacher who has been teaching at Grass Lake, will teach a combination 1st and 2nd Grade here this year.

The complete staff and grades taught are:

Alice Brown, Kindergarten; Esther Wilton, 1st grade, Laura Pedley, 1st Grade; Eleanor Kufalk, 1st-2nd; Lucille Whitacre, 2nd, Barbara Barthel, 2nd; Joan Crawford, 3rd, Shirley Edwards, 3rd; Fanny Yates, 4th; Wanda Barthel, 4th; Belinda Dittman, 5th; Mary Bruski, 5th; Marianne Olson, 6th; Arleen Cramer, 6th; Edna Becker, 7th; Harrison Brown, 7th; Stuart Good, 8th; Hester Garland, 8th; George Olisar, band director, and Richard Whitacre, superintendent.

Gages Lake Resident Killed in Car Accident East of Village Sunday

Alexander J. Rudel, 40, of Gages lake, was fatally injured early Sunday evening when he lost control of his car and plunged down an embankment on the west side of Rte. 45 a half mile south of Rte. 173 at the Ravenglen farm of Louis Behm.

Rudel first sideswiped a south-bound car of Thomas Tyson of Chicago and then sideswiped cars of William Schultz and William Schumay, also of Chicago, before going through two fences into a field.

The Antioch Rescue squad brought Rudel to the office of Dr. A. N. Breakstone who pronounced him dead upon arrival. The body was taken to the Strang Funeral home and on Monday taken to a mortuary at 2221 Lincoln Ave. in Chicago for burial today in Rosehill cemetery.

Mr. Rudel was born Jan. 28, 1914 in Winnipeg, Canada, and is survived by the widow, Marie, and five children, Dennis, 14, Bernice, 13, John, 12, Barbara, 10, and James, 8. Deputies Thomas Custer, and Edmund Van Dien arrested George Korian of Chicago on a drunken driving charge after he ignored signals to slow down as he approached the scene of Rudel's fatal accident.

More New Investors

What do typical Americans think of investment in the stocks of the corporations that provide us with our incredible abundance of goods and services?

A pretty good answer to that question is provided by what happened after last January 25th, when a plan for installment buying of stocks went into effect.

Since that time, more than 19,000 of these Monthly Investment Plans have gone into effect. New plans are being undertaken at the rate of 100 to 150 a day. There have been few cancellations, even though this can be done without loss to the investor—he gets whatever amount of stock he has paid for. And, of great significance, some 90 per cent of the pay-as-you-go buyers are new investors.

It is apparent that the plan is going a great deal to change the public attitude toward stocks. For one thing, it is demonstrating in practice, not just in theory, that brokerage houses want to do business with the small investor as well as the large. And it is showing a steadily increasing number of people, most of them in the moderate-income brackets, that stock ownership is for the many, not the few.

Another interesting development is that several companies have inaugurated payroll deduction plans for the purchase of stocks on the pay-as-you-go basis by employees who wish to do so. Deductions can run as low as \$3.08 weekly.

In other words, we're getting more and more sound kind of public ownership that is the antithesis of government ownership or socialism.

Natural Law Is Best

Many learned treatises have been written on the theory and the practical workings of the law of supply and demand. These are often couched in the forbidding language of the economists and aren't for the layman. But the way that law affects us in our daily life can be very simply explained.

In the last two years or so the meat industry has provided an exceptionally good example of the law in action. In 1953, the amount of beef that went to market was much greater than in 1952. The result was that beef prices declined between 10 and 35 per cent, depending upon cut and grade. Other meats also demonstrated the strong production-price relationship that exists.

Under this natural law, in other words, prices tend to rise when the available supplies of any commodity in wide use decline—and they tend to drop when the supply increases. This year, at last, there are lavish supplies of meat in the markets. And during a recent six-week period wholesale meat prices throughout the country dropped an average of 11 per cent.

Anything which tends to artificially limit pro-

duction, or otherwise interfere with the supply and demand market, hurts producers and consumers in the long run, because of resulting shortages. Man has not been able to improve on natural economic law.

7,000 Reasons for Optimism

Chain Store Age recently dealt editorially with retailing's future prospects. It observed that there are 7,000 reasons for optimism!

Those 7,000 reasons constitute the baby crop that is being born each day in this country. The editorial said, "As the normal expectancy of every baby is now more than 68 years, this addition of 2,500,000 to our population every year can spell nothing but expanding demand for consumer goods of every kind. It means continued industrial activity on all fronts, full employment at high wages and almost certain prosperity for all who are equipped to render the service our vast population will always need and will be in a position to pay for. Only such a world-wide disaster as another all-out war could mar this cheering prospect."

The editorial then pointed to the big and costly expansion programs leading chain store systems are now carrying on. Other kinds of retailers are following a similar course. To quote directly again, "Experienced business men do not extend their operations on a substantial scale unless they are rather sure of their ground."

Moreover, this attitude means that we will be given even better retail service in the future. Those "7,000 reasons for optimism" who are born daily will be well taken care of so far as retailing is concerned.

Making Money for the Taxpayers

For several years three great power development projects have been blocked by advocates of government-owned electric plants (socialism), while they cry that our country is short of electricity. Development has been delayed for years on the Snake River in Idaho, the Niagara River in New York, and the Coosa River in Alabama. In each instance private companies have been ready, able and willing to build the necessary power plants instead of having the government spend upwards of \$1,000,000,000 of taxpayers money for the projects. At last the dam of opposition has been broken in one instance. Congress has cleared the way for the Alabama Power Company to invest \$100,000,000 for power development on a 100 mile stretch of the Coosa River.

The company will build five new dams, with flood control features and provisions for future navigation improvements. The project will produce 360,000 kilowatts. Apparently the people of Alabama got tired of waiting for "political" power. Petitions from more than 150 organizations—civil, farm, veteran, local governments—poured into Alabama congressmen's offices in support of the proposal. The only delay now in going ahead with development is waiting to receive a permit from the Federal Power Commission, which was applied for last Fall. Instead of a tax exempt federal power plant, Alabama will now have a highly taxed private enterprise. Not one penny of tax money will be taken from the citizens of all of the states to build a power plant for a limited number of customers in one state. Thus does free enterprise make money for the taxpayers.

Candlelight Ceremony Unites Marian Stack and Robert E. Ehlert

Marion Helene Stack, daughter of Mr. and Mrs. Stanley Stack, Twin Lakes, and Robert Eugene Ehlert, were united in marriage at a double ring ceremony at the Peace Lutheran church at Wilmet, at 7:30 p. m. Saturday evening, by the Rev. R. P. Otto. It was a candlelight ceremony, with white gladioli decorating the church. Mrs. William Carr played the organ and Mrs. Raymond Forster sang "The Lord's Prayer."

The bride, given in marriage by her father, wore a long sleeved gown with lace bodice and peplum with a full skirt of nylon net and a short train over slipper satin. A finger tip veil of illusion net was held in place by a pearl tiara. She carried a cascade of white pompons and stephanotis.

Virginia Stack, sister of the bride was the maid of honor. She wore a pastel green ballerina length nylon net dress and carried a bouquet of pink rose asters. Joan Hollencamp and Marlene Hoffman were bridesmaids. They were dressed alike in pink nylon net of ballerina length, and carried bouquets of deep lavender asters.

Constance Lynn Blackman of Durham, N. C., flower girl, wore pink nylon net over pink satin and carried a basket of flowers. Timothy Paul O'Mara was ring bearer. Frank Ehlert, of Wilmet, brother of the bridegroom was best man. Marlin Ehlert, another brother, and Donald Schubert, a friend, were ushers.

A reception for 300 people was held at Fox River Winter Gardens. The young couple went on a short honeymoon. Both are graduates of Wilmet High school. The groom works at Johnson Motors, Waukegan. They will reside in Wilmet.

Church School Superintendent Mrs. Earl Sauter has assumed duties as church school superintendent at the Methodist church, taking the place of M. C. Cain who held the office five years.

Mrs. Sauter has taken the place of Mrs. Sauter as head of the intermediate department and Mrs. Elmer Hunter heads the primary department.

New Postal Employee

William Dekant, who recently passed a civil service examination of the postal department, started work Monday as a substitute clerk at the Antioch Office. He takes the place of James Bruski who transferred to a carrier of rural route No. 2, Postmaster Roy Kufalk has announced.

Volunteers of America To Hold Tag Day in Antioch Saturday

The annual Tag Day in behalf of the Volunteers of America is being conducted on Saturday in Antioch, under the leadership of Mrs. Laura Swanson with headquarters at the village hall.

Any child wishing to help this cause may do so, and for their efforts receive an award.

The organization with 58 years of welfare service to its credit—is of a religious and civic nature, regardless of color or creed, and co-operates with the local welfare programs.

Well and favorably known to the Better Business Bureau, the Association of Commerce and Industry, and the Welfare Leagues throughout the 48 states.

July Has Big Rainfall; Month Is Pleasant and Crops Considered Good

Antioch had a rainfall of 5.78 inches for the month of July which may be a record for that month.

One inch of it fell the evening of July 6 and on July 7 when the total for the 24 hours was 2.95, Cooperative Observer Roy Kufalik said.

July was a pleasant month. The highest temperature for the month was 92 degrees on the 20th and the only other time the mercury got above 90 was on the 12th.

The lowest temperature for July was 50 degrees on the 8th.

The crops are good this year. The yields of wheat and oats were satisfactory and it appears that there will be a good crop of corn if the frost doesn't appear abnormally early.

Baptist Home Gives Consideration to the Placement of Children

Lake Villa—The Central Baptist Children's Home is giving consideration to the broadening of its services to include placement of children in private homes.

Dr. L. B. Snider, superintendent, said that the board of directors considered this plan rather than a plan to serve more children. The orphanage now has 61 children, 15 of whom are from Lake county.

Miss Virginia Speirs, field consultant for the Child Welfare League, visited the home on Tuesday and Wednesday of this week, discussing with Dr. Snider the placement plan.

"We have neither the assurance of finances or organization at the present to promote the placement system, but these may come," said Dr. Snider.

Corenson Buried in Chicago Last Friday

Sidney H. Corenson, 753 E. 79th st., Chicago, who died July 28 from injuries received in an automobile accident at Crooked Lake and Millburn rd., was buried Friday, July 28 in Chicago. The service was held at 6935 S. Stony Island.

Mr. Corenson was born Feb. 8, 1900 in Chicago. He was an electrician and building maintenance man.

David Vose Wins County Fair Showmanship Contest

David Vose, of rural Antioch, a member of the North Prairie 4-H Club, pictured at the extreme right, won the 4-H dairy cattle showmanship contest at the Lake County Fair, in Wauconda last week. His prize winnings were extensive. Participants in the showmanship contest left to right, are Arthur Ray, fifth; Gary Vaughn, fourth; Lyle Case, third; Roger Paddeck, second; and Vose, first.

Little League All Stars Runners-up

Antioch's Little League All-Stars team lost a very close ball game Sunday to De Kalb to miss winning the District championship by two runs. Jerry Dahlgren, who pitched for the locals, held the DeKalb boys to few hits and the game was in question until the last man was out.

The Antioch team had played and beaten Elgin on Saturday behind the pitching of Don Pyle to the tune of 6 to 1; and Sunday's game was regarded as an easy game for the local youngsters.

The regular schedule of Little League games will continue throughout the months of August with games each night, except Saturday and games each Sunday afternoon at the Village Park, opposite the Antioch American Legion home.

Be sure you get the best of these big 4

1 performance

Do you want livelier, smoother performance on less gas? Then be sure your new car has modern high-compression power. That's just what Chevrolet gives you—the highest-compression power of any leading low-priced car.

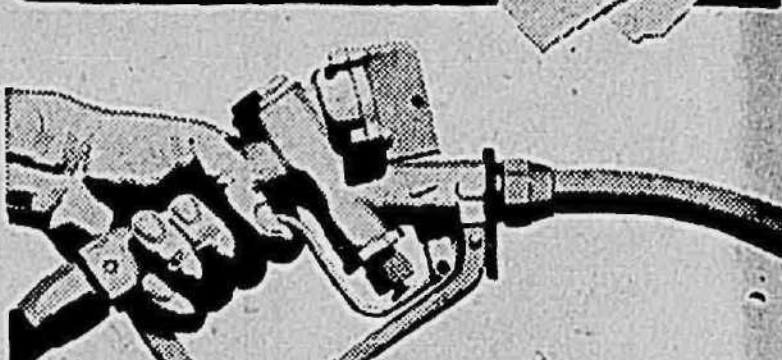

2 price

Take a look at what you pay and what you get. You'll see that Chevrolet has more for you and asks less from you. It's priced below all other lines of cars. Chevrolet builds the most cars—and can build them better to sell for less!

3 economy

What's it going to cost to keep that new car in gasoline? In oil? What about service and repairs? Check into it and you'll find that Chevrolet has the greatest name of all for keeping upkeep costs down over all the miles you drive.

4 appearance

You, of course, are the only one who can decide which car looks the best to you. But you might well consider this: Chevrolet's the only one in the low-price field with the smooth lines and graceful beauty of Body by Fisher.

The "Two-Ten" 2-Door Sedan

Other low-priced cars don't offer these advantages. Chevrolet does!

Biggest Brakes

Smoother, safer stops with less pedal pressure! That's what Chevrolet gives you with the largest brakes in the low-price field.

Highest-Compression Power

You get finer performance—and important gasoline savings, too—with the highest-compression power of any leading low-priced car!

Fisher Body Quality

You get smarter, smoother styling—greater comfort, safety and quality—with this only low-priced car with world-famous Body by Fisher.

Safety Plate Glass

No other low-priced car gives you the finer visibility of safety plate glass in windshield and all windows of sedans and coupes!

Famed Knee-Action Ride

Chevrolet gives you the only Utilized Knee-Action on any low-priced car—one important reason for Chevrolet's finer big-car ride!

Full-length Box-Girder Frame

Only Chevrolet in the low-price field provides the underlying strength and extra protection of a full-length box-girder frame!

First National Bank Now Air Conditioned

Following a program of modernization which is designed to make The First National Bank of Antioch one of the outstanding banks of its size anywhere, officers of the bank have, as their latest improvement, caused the bank to be air conditioned.

During the past few years the bank has attracted much interest in banking circles by being progressive in service to patrons. Some of the new things added at the bank during the past few years include a night depository where patrons may make deposits after regular banking hours; a "walk-up" window outside the bank where customers may transact most banking business without entering the bank with a special parking area for those using the window. Other improvements number new decor in the interior of the bank building, with modern fixtures and counters.

President William Schroeder said this week that a program of improvement both in facilities and service will continue until the First National Bank is second to none.

Elizabeth Meekan, 94 Buried in Chicago Mon.

Elizabeth Meekan, Center Lake Woods subdivision, Camp Lake, Wis., and 2616 Armitage ave., Chicago, died at her Camp Lake home July 29. She was born February 20, 1860 in Yorkshire, England. Funeral services were held at 2950 West Fullerton ave., Chicago, Aug. 2. Interment was in Mt. Carmel cemetery, Chicago.

Two Hour Parking
The village board has set a two hour parking limit on village property at Main and Orchard sts.

Little League Picnic To Be on August 22; Minors Show Progress

Coach Bob Taylor reports excellent progress with the Boys Minor Baseball league. "These little fellows have been coming out faithfully every Thursday evening all summer for practice, Taylor says, and have developed some fine material for Antioch's 1955 Little League.

Lee Ipsen has been assisting Coach Taylor.

The Mothers' Booster club met at the home of Irene Jonas last Thursday and made plans for the annual Little League picnic.

It will be held at Fox River Park Sunday, Aug. 22 at 12 noon. A potluck lunch will be served. All Little Leaguers and their families and friends are invited. There will be games and fun for all.

A bake sale at the Carlson Ford garage was also planned for Saturday of this week.

Cigarette Flipper Starts Car Fire Sunday Night

Twice within a week someone in Antioch has started a fire by flipping a lighted cigarette into combustible material.

A week ago a cigarette set fire to the awning at the Barnstable and Brogan store.

About 11 p. m. Sunday fire was discovered in the rear seat of the parked car of William Gast of Cross Lake at the front of the Lakes theatre. Gast doesn't smoke nor was there anyone in the car who smokes.

Social Security
Mr. Bernard Barnett, Manager of the Waukegan Field Office of the Social Security Administration announces a change in the meeting

place in Antioch. The representatives from the Waukegan office will meet all of their claimants and others desiring information on social security in the Antioch City Hall, Main st. The social security representative will be in the city hall on the fourth Wednesday of every month at 9 a. m. Anyone wishing an interview should write to the social security office, Postoffice building, Waukegan, Ill.
